

808 CONNECTOR TERMINATION TOOLS

These tools are specifically for use with the ITT Industries, Network Systems & Services 808 connector series. The all in one tool provides the functionality for the termination of the standard 808 connectors. For the connectors with 360 shielding components the other tools detailed below will also be required.

Standard ALL-In-One Tool
Part N° CXWTOLSNGLO00

360 Ferrul Crimp Tool
Part N° ISCS12200CTS01

Sheath Splitting Tool
Part N° ISCS12100CTS00
